

Metal Detoxification Protocol (Item #7227) A Healthy and Effective Metal Detoxification Program

Products included in this Wellness Protocol are:

- ① Metal-TX (4007) - Metal Detoxification Formula
- ① Quint-Essence (6111) - Whole Food Meal Enhancement Supplement
- ① Tracite (2031) - 77 Essential Elemental Fulvic Trace Minerals

Protocol Overview

Heavy metals are known to damage our bodies, particularly with our metabolic systems, and are linked to conditions and diseases caused by an accumulation of metals found in drinking water, cookware, antiperspirant and even baking soda. They become toxic when these metals build up in biological systems and become a significant health hazard. A consistent supply of nutrients is important for creating healthy cells which are more capable of removing these toxins.

This Wellness Protocol brings together the traditional herbs and minerals of our individual formulations to support the body in its removal of toxic metals and metal compounds. It is an effective approach to counteract our over-exposure to poisonous heavy metals such as mercury, lead, copper, aluminum, cadmium, and arsenic.

Metal TX supports the body in its removal of toxic metals and metal compounds. It is an herbal combination designed to help increase the body's eliminating abilities, especially with regards to heavy metal toxicity. For this Wellness Protocol, its herbs and minerals chelate (bond with) heavy metals to detoxify, revitalize, and tone the body. This unique combination of herbs can have a cleansing effect on the liver and other eliminative organs, giving our bodies a chance to rest and clear out these accumulated toxins.

Quint-Essence is added to this Wellness Protocol for its herbal content, which is readily used by the cells to mobilize and eliminate heavy metals. The vitamins and minerals in this formula provide the electrical charge needed by the cells to thrive and remove toxins that have accumulated in our systems.

Tracite naturally detoxifies the human body by binding with heavy metals to assist in the elimination process. The iron-based, plant-derived, trace mineral composition increases the ability of cells to absorb nutrients and enhances the cleansing effects of tissues as they detoxify.

Note: Additional information for the above products is included in the subsequent datasheets.

Dosage Recommendations:

Metal-TX: 2 vegi-capsules twice daily

Quint-Essence: 1 vegi-capsule for every 60 - 75 pounds of body weight at meals

Tracite: 5 drops in 2 to 8 ounces of water or sparkling water

(To make it even more palatable, squeeze a wedge of lemon or lime into the water)

**Please DO NOT modify levels of any prescribed medication
without first consulting your physician.**
